Sync or Swim: Navigating Team Waters

Dana Scarcella, Certified Coach & HR Consultant

Thursday, October 16, 2025 • 11am-1:30pm • Radnor Valley Country Club

Talent wins games while teamwork wins championships. Explore the surprising science of high-performing teams, the behaviors that hold them back and real-world examples that prove the championship-winning formula lies in collaboration. Trust is the foundation for a successful relationship, yet few teams have mastered how to build and maintain trust when the going gets tough. With technology disrupting the way we work, teams are going to be faced with more challenges, not fewer. High performing teams confront the reality of challenging situations and work together to overcome them. In this session, participants will learn how to shape the habits and practices that bring out the best in each team member. Participants will learn practical strategies to foster trust among team members, and walk away with tools to promote effective collaboration so that they can win big.

3 Slow Nickels: Reflections on Growing Up, Showing Up, and Not Giving Up

Victoria Boston, Executive Vice President and Chief Customer Experience Officer at TechNetwork Inc.

Thursday, November 13, 2025 • 11am-1:30pm • The Desmond Hotel, Malvern

Chronicling her life from humble beginnings to a rising corporate star, Victoria Boston, penned her best-selling book, *3 Slow Nickels*, to inspire those on the fast track who want to grow in wisdom. She's been recognized for consistently pioneering organizational transformation while delivering promoter-creating employee and customer experiences, double-digit revenue growth and savings. Most recently, she led engineering, network maintenance, and construction in the northeast area at Comcast NBC Universal, supporting over 3000 employees and more than 2 million customers, while expanding the network to help grow over \$5 billion in annual revenues. During this exclusive interview, learn how Victoria led large teams in enterprise and residential sales, retention, marketing, service, network, collections and construction functions at Fortune 50 organizations.

Leveraging AI in Communications: Efficiency, Innovation, and Human Touch

Beth Brodovsky, President, Iris Creative Group, Inc.

Thursday, February 27, 2025 • 11am-1:30pm • Triple Crown at Radnor Hotel

In today's digital era, organizations are embracing AI to revolutionize marketing. Successful business leaders understand the importance of maximizing resources while still delivering impactful messages. AI can enhance efficiency, save time and spark creativity. However, it's vital to recognize the irreplaceable human touch. Crafting emotionally resonant narratives and interpreting nuanced cues require human creativity and insight. Balancing AI's benefits with human expertise ensures impactful marketing and development communications strategies for companies.

One Kind Person Can Change the World

Ben Hartranft, www.Benergy1.com, Keynote Speaker
Jeff Gibbard and Sarah Ohanesian, Presenters

Thursday, June 12, 2025 • 11am-1:30pm • West & Main, Conshohocken

Featuring: Brains@Work: The Invisible Power of Neurodiversity. Introductory remarks: Join local celebrity Ben Hartranft for stories and strategies on how we can all demonstrate kindness, empathy and respect to individuals with autism and those who are different from us. A workplace perspective: What if you could tap into each person's unique abilities? Brains@Work is a new way to think about structuring your work environment to create deeper employee engagement, more cohesive cultures and improved productivity. Jeff and Sarah shed new light on neurodiversity, what a neuroinclusive environment really looks like, the secret to bridging productivity-killing communication gaps, what every leader needs to know if they want to keep people engaged, and the three magic words that can help build an innovative and resilient company.
